

# EZ Chrome

**KIT**

## The Finishing Touch

The look and feel of **REAL CHROME** at a truly affordable price

Only  
**\$5.99**  
Per Kit

### Real Metal

- EZ Chrome is thin gauge, real metal foil
- A more aggressive adhesive makes it easier to get the chroming job on your model done fast!
- EZ Chrome kit includes one 8" x 10" EZ Chrome sheet, three burnishing picks and instructions

### Recommended Uses

EZ Chrome is recommended for use in adding, and restoring chrome to larger and smaller scale modelling surface areas such as

- Exhaust pipes
- Bumpers
- Grills
- Roll bars
- Headlights
- Tail lights,
- Sill plates
- Mirrors,
- Gas caps
- Door handles
- Window trim
- And more...

### Features

- Super shiny surface most closely approximates a real chrome finish
- Foil will not tear as easy as competitive brands and will not tear or rip during burnishing
- Conforms easily to irregular surfaces
